SIDRA TUFAIL

ASSOCIATE SOFTWARE ENGINEER

Muslim town Lahore | +92 325 4215596 | sidra.saqib712@gmail.com

PROFILE SUMMARY

Creative and detail-oriented Front-End Developer with 2 years of experience building responsive and user-friendly web applications. Proficient in HTML, CSS, JavaScript, TypeScript, React, and Next.js, with experience in modern UI libraries, REST API integration, and scalable architectures. Passionate about creating intuitive user experiences and optimizing web performance.

EXPERIENCE

FAIRCHANCE SOFTWARE — July 2024 – Dec 2024

- Developed and maintained responsive web applications using HTML, CSS, JavaScript, and React
- Collaborated with cross-functional teams to implement user-friendly and interactive UI components
- Improved web application performance by optimizing pages for speed, accessibility, and responsiveness
- Worked closely with designers and backend developers to integrate APIs and ensure seamless functionality

EXPERT SYSTEM SOLUTION — Start Jan 2025 – Present Lahore

- Building responsive and interactive web applications using HTML, CSS, JavaScript, React, and TypeScript
- Translating UI/UX designs into functional and reusable front-end components
- Integrating REST APIs in collaboration with backend developers
- Ensuring cross-browser compatibility and optimized performance across devices
- Following scalable architecture practices for maintainable code structure

PROJECTS

Salon Management System (FYP)

Technologies: HTML, CSS, JavaScript

- Developed a comprehensive salon management web application for handling bookings, staff scheduling, services, and customer records
- Designed responsive and user-friendly interfaces for smooth user experience
- Improved operational efficiency through structured workflows and optimized UI

Fisioactif Gym Management System

Technologies: React, JavaScript, CSS, REST APIs

- Built a responsive gym management web application with features like member registration, subscription plans, and class scheduling
- Integrated REST APIs for dynamic data handling and seamless user interactions
- Optimized performance and ensured mobile responsiveness for better accessibility

Yourself Pilates Website

Technologies: Next.js, Tailwind CSS

- Developed a modern and responsive fitness website with a clean and engaging UI
- Implemented mobile-first design using Tailwind CSS for better responsiveness
- Focused on performance optimization and smooth user experience

GO Turtle (Germany-based Project)

Technologies: React, TypeScript, Redux Toolkit, Material UI, REST APIs

- Working as a Front-End Developer on an international web platform
- Developed dynamic and reusable UI components including tables, modals, and filters
- Managed application state using Redux Toolkit and integrated APIs efficiently
- Collaborated with cross-functional teams to deliver scalable and maintainable solutions

---

SKILLS

Languages:
HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries:
React.js, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap, Material UI

Tools & Platforms:
Git, GitHub, VS Code, Figma, Chrome DevTools, Postman

Architecture & Practices:
Nx Monorepo, REST API Integration, Component-Based Architecture, Responsive Web Design

Core Competencies:
Cross-Browser Compatibility, Web Performance Optimization, API Handling (Axios/Fetch), UI/UX Implementation
